

# Audubon Summer Day Camp 2024

Creating outdoor experiences and memories that last a lifetime.

## June 24 – August 16

### WHERE FUN, FRIENDS, AND NATURE COME TOGETHER

Discover the wonder of the great outdoors! Our Audubon campers explore nature in a fun, safe environment within our 700-acre nature sanctuary located in Southbury, Connecticut. Each day, our experienced staff leads campers in exciting and educational activities, including hiking, brook walks, river exploration, crafts, nature-themed games, live animal interactions, and birding. Campers gain a love, respect, and understanding of nature while creating memories that last a lifetime. Join us this summer and enjoy the season the way it is meant to be enjoyed—with fun, friends, and nature!
